

How to Submit Digital Images for SWMCCC Competitions

Number of entries

Four images may be entered in each category. Categories are Creative, Nature, Open and Portraiture.

Sizing your image

Your images must be sized as follows

- Resolution is not critical for digital images and may be set to whatever works best for your workflow.
- Image width cannot be larger than 1024 pixels.
- Image height cannot be larger than 1024 pixels.

Setting your Color Profile

The projector we use is set for displaying sRGB and it is in your best interest to submit images in that color space to insure the best color rendering of your image.

Naming your image file

- The image file name should contain the following information in this order: A capital letter for the category code; an underscore (_); the image title capitalizing each word with no spaces between words an underscore (_); Your 2 letter camera club code: an underscore (_); your name using your first initial and last name.
- Example of a correctly submitted image file name:
N_YellowWildflower_XX_jdoe.jpg
- Category Codes: (C) Creative: (N) Nature: (O) Open: (P) Portraiture.
- The 2 letter camera club codes XX can be found on the SWMCCC website.

Saving your image

All images submitted for competition must be saved in jpeg format (.jpg).

Submission of Images

- Images must be received by midnight Sunday, November 4, 2012.
- Send images individually or together as email attachments to the VP of Competition at competition@swmccc.org. Up to four images in each of the categories may be sent in one email.
- There is a \$2 cost for each image submitted. Payment must be made prior to the image entry deadline through the SWMCCC PayPal account or by mailing your check made out to SWMCCC to
